Now What?

We've Built a lot of Stuff

- active_fedora
- browse-everything
- curation_concerns
- hydra
- hydra-derivatives
- hydra-editor
- hydra-file_characterization
- hydra-head
- hydra-jetty
- hydra-pcdm
- hydra-role-management
- hydra-works
- jettywrapper
- ldp
- om
- rubydora
- solrizer
- sufia

https://github.com/projecthydra/

...and There's More Coming

- active_encode
- active_fedora-noid
- active_fedora_relsint
- book_concerns
- geo_concerns
- hybag
- hydra-admin-collections
- hydra-batch-edit
- hydra_controlled_vocabularies
- hydra-ldap
- hydra-pbcore
- hydra-remote_identifier
- hydra-shibboleth
- hydra-validations
- orcid
- questioning_authority
- share_notify
- solrizer-fedora

Lessons Learned

- Big group sprints are hard
  - Coordination becomes almost a full time job
  - Keeping track of issues / Maintaining Backlog
  - Making sure the right talent on the right tasks / teams
- Product owners are necessary
- Agility is key
- Modularity is … modular
